~ Zika outbreak
WHO has predicted that the recent outbreak of Zika disease will affect up to four million across the Americas. Women across the region have been advised to delay pregnancy as there is a risk of the child being born with abnormally small heads and the rare nervous system disorder Guillain-Barre syndrome. Pregnant women travelling to the region have been warned of the risks. Zika "is not spread directly from person to person" but by mosquito bites. Three people in the UK have been diagnosed with the disease. There is no specific antiviral treatment for Zika. Supportive nursing care and relief of symptoms are the standard treatment. RCM: Zika briefing for midwives: https://www.rcm.org.uk/news-views-analysis/news/zika-virus-a-briefing-for-midwives

~ New report sheds light on A&E attendances in England
Analysis of more than 19 million Accident and Emergency (A&E) attendances in England has been published today by HSCIC. The Hospital Episode Statistics Accident and Emergency Attendances in England 2014/15 report shows, of the 19.6 million attendances recorded:
~ Over a third (6.9 million) had a recorded treatment of 'guidance/advice only'.
~ One in five (4.0 million) resulted in an admission to hospital.
~ 57.7 per cent (11.3 million) were discharged with either a GP follow-up or no follow-up required.

~ General practice nursing profession
A Queen’s Nursing Institute (QNI) report on the general practice nursing profession, summaries some key challenges affecting the profession today. It is the largest survey of practice nurses. Some findings were:-
~ 32.6% of General Practice Nurses are independent prescribers
~ 22.8% of nurses working in General Practice have two jobs.
~ 32.6% of Practice Nurses reported working evening sessions (after 6pm) and 18.5% work weekends.
~ Over 38.3% indicated that they undertook visits to patients at home
~ Only 35% felt that their salary reflected their role within the practice.
~ 27.0% of employers had placements for pre-reg. nursing students, compared to 61.5% for medical students.
