04/Sep/2007

To: Current Awareness

ALTERNATIVE MEDICINE EVIDENCE BASED HEALTH MENTAL HEALTH

Richardson, Janet; Pilkington, Karen
Complementary therapies in life-limiting conditions
Nursing Times
2007 AUG 7 103 (32): 32 - 33
Describes how research on complementary and alternative medicine (CAM) was reviewed to develop CAM evidence online (CAMEOL) database

AUTISM LEARNING DISABILITIES EDUCATION

Thompson, Helen
Asperger's syndrome
Open Mind
2007 JUL (146): 12 - 13
Young people with Asperger's go to university but find it a devastating experience

BOWEL DISORDERS PATIENT EDUCATION PATIENT ASSESSMENT

Nightingale, Allison
Diagnosis and management of inflammatory bowel disease
Nurse Prescribing
2007 5 (7): 289 - 296
Includes aetiology, symptoms, medication, nutrition, surgery, complementary therapies and patient education and support

BREAST FEEDING RESEARCH EVALUATION

Sittlington, Julie and others
Infant-feeding attitudes of expectant mothers in Northern Ireland
Health Education Research
2007 AUG 22 (4): 561 - 570
Study found that the Iowa Infant Feeding Attitude Scale could be useful in the targeting and evaluation of interventions to promote breast-feeding

CHILDREN HOSPITAL ADMISSION LEARNING DISABILITIES

Oxtoby, Kathy
The nurse who eases child fears
Nursing Times
2007 AUG 14 103 (33): 20 - 21
How an Essex nurse is helping to remove the fear of hospitals among children with learning disabilities
CHRONIC AIRWAYS DISEASE RESPIRATORY TRACT DISEASES HEALTH AND SAFETY

Barnett, Margaret
Drug delivery: Domiciliary oxygen therapy
Journal of Community Nursing
2007 AUG 21 (8): 21 - 25
Discusses the criteria for oxygen therapy within the primary care setting

Serginson, John
Developing an integrated model of care for COPD
Nursing Times
2007 AUG 28 103 (35): 28 - 29
Describes the model used in Australia to standardise care and improve care for COPD patients

CONTINENCE CATHETERS INFECTION CONTROL

Pomfret, Ian
Urinary catheterization: selection and clinical management
British Journal of Community Nursing
2007 AUG 12 (8): 348 - 354
Looks at the different methods of catheterization and the appropriate one for minimising infection and providing optimum catheter management

DEMENTIA TRAINING

Sadler, Catherine
Training the mind
Community Practitioner
2007 AUG 80 (8): 10 - 11
Teaching practitioners to recognise and help patients suffering from dementia

Loveday, Buz
Training inspectors to assess dementia care
Journal of Dementia Care
2007 JUL 15 (4): 19 - 21
Explains what inspectors from the Commission for Social Care learnt at a specialist dementia training course - Includes a Care plan checklist

Brooker, Dawn
Introducing SOFI: a new tool for inspection of care homes
Journal of Dementia Care
2007 JUL 15 (4): 22 - 23
Introduction of a tool for inspection of residential and nursing homes developed by a team which included the Bradford Dementia Group and Commission for Social Care Inspection

Benham, Lesley
"What should we do today?"
Journal of Dementia Care
2007 JUL 15 (4): 24 - 26
Benham from the Melcombe Day Hospital, shares innovative board games developed for people with dementia attending the day hospital
Thompson, Rachel and others
Involving people with dementia and carers in professional education
Journal of Dementia Care
Outlines the rationale for user and carer involvement in dementia education and provides results of a survey which looked at the extent of their involvement in educating health professionals

Macdonald, Colin
Care assistants' views and experiences of 'challenging behaviour' in dementia
Journal of Dementia Care
Reviews research in three areas - 'challenging behaviour', models of care and the care assistant role

DEPARTMENT SERVICES SURGERY CHILDREN RESEARCH
Aspinall, A; Blinkhorn, FA
The appropriateness of referrals for exodontia in children under general anaesthetic
International Journal of Health Promotion and Education
2007 45 (3): 73 - 76
Study in Salford, UK found many inappropriate referrals, and recommends that there is more focus on prevention and education of dentists on the guidelines for referral and health promotion

DEPRESSION WOMEN'S HEALTH PREGNANCY MENTAL HEALTH SERVICES
Dent, Emma
Mental health - Born under a bad sign
Health Service Journal
2007 AUG 16 117 (6069): 22 - 24
Although perinatal depression is gaining a higher profile, mental health trusts may not be able to keep up with growing demands

DIABETES SELF CARE EVIDENCE BASED HEALTH
Holt, Paula
Blood glucose monitoring: reducing the cost, increasing the benefit
British Journal of Community Nursing
2007 AUG 12 (8): 337 - 341
Analyses the effectiveness of self monitoring, and discusses which patients should be encouraged to self monitor and identifies those for whom it may not be beneficial

Hill, Alyson
Encouraging healthier lifestyles - 4. Dietary advice for diabetes in pregnancy
Journal of Family Health Care
2007 17 (4): 117 - 119
The need for health professionals to be proactive in advising diabetic women before, during and after pregnancy
Mousley, Maria  
Understanding diabetic foot ulcers. 2: Diagnosis and care  
Nursing Times  
2007 AUG 7  103 ( 32 ): 28 - 29  
Looks at prevention and explains the principles of diagnosis and treatment

Hairon, Nerys  
Improving services for patient self-care in diabetes  
Nursing Times  
2007 AUG 14  103 ( 33 ): 23 - 24  
Reports on the Healthcare Commission review which identified shortcomings in the support diabetic patients received

Stuart, Louise; Baker, Neil  
Diabetes foot care services: location, location, and location?  
Practical Diabetes International  
2007 JUL  24 ( 6 ): 289 - 290  
In the absence of specific nationally recognised training, compliance with NICE clinical guidelines for type 2 diabetes recommendation will only be met by a competency based national curriculum for diabetic foot care

Josse, Jeannette  
Questions about alcohol consumption: why, when, who and how?  
Practical Diabetes International  
2007 JUL  24 ( 6 ): 299 - 301  
All healthcare professionals are aware that the effects of alcohol in diabetic patients are complex, but which member of the Diabetes Team will be able to ascertain exactly how much their patient drinks

Singh PK; Iqbal,N  and others  
Nurse-led management of uncontrolled hypertension in those with diabetes and high vascular risk  
Practical Diabetes International  
2007 MAR  24 ( 2 ): 92 - 96  
This was an audit to determine the effectiveness of a protocol driven, nurse-led hypertension service for patients with diabetes at high risk. The article gives the results on 124 patients completing the full process. The conclusion was that a systematic approach combining a pre-set drug protocol itself and its timely implementation with adequate surveillance in a nurse-led hypertension clinic led to effective outcomes.

Barnard, KD; Skinner, TC  
Qualitative study into quality of life issues surrounding insulin pump use in type 1 diabetes.  
Practical Diabetes International  
2007 APR  24 ( 3 ): 143 - 148  
The article is based on the results of a brief telephone interview with people living with type 1 diabetes and how they cope living with an insulin pump. It includes the positive and the drawbacks of the pump.

Watson, WA; Currie, T and others  
Driving and Insulin-treated diabetes: who knows the rules and recommendations  
Practical Diabetes International  
2007 MAY  24 ( 4 ): 201 - 206  
This article reports on the aim of a study which was to simultaneously assess
whether patients and their health professionals were aware of the statutory regulations and guidance for safe practice for patients with insulin-treated diabetes. The results of this questionnaire highlighted that greater availability of information to health professionals would minimise these risks.

Rowlandson, Fiona
Diabetes - Avoiding, spotting and managing hypos
Practice Nurse
2007 AUG 17 34 (3): 20 - 24
How to give people with diabetes the confidence to avoid, spot and manage hypos

Kelley, GA; Kelley, KS
Effects of aerobic exercise on lipids and lipoproteins in adults with type 2 diabetes: A meta-analysis of randomized-controlled trials
Public Health
2007 SEP 121 (9): 643 - 655
Seven studies were pooled and suggested that LDL-C was lowered by aerobic exercise, but further randomized-controlled trials are needed for confirmation, given the conflicting findings of a previous study

DIET PHYSICAL ACTIVITY RESEARCH

Nothwehr, Faryle; Yang, Jingzhen
Goal setting frequency and the use of behavioral strategies related to diet and physical activity
Health Education Research
2007 AUG 22 (4): 532 - 538
Study shows that frequent goal setting is effective in weight management and for self-management strategies

DRUG MISUSE MEDICINES MASS MEDIA

Daly, Max
Crystal myth
Drug Link
2007 JUL 22 (4): 6 - 9
Investigates the truth behind the reputation that crystal meth is Britain's deadliest drug

Sampson, Steve
White lines, blue collar
Drug Link
2007 JUL 22 (4): 10 - 12
Reports on how cocaine is permeating into working class culture

Nutton, David
High hopes
Drug Link
2007 JUL 22 (4): 22 - 23
Looks at studies of the placebo effect and tries to explain it

EMERGENCY MEDICAL CARE WORKPLACE CARDIOVASCULAR
DISEASES

Wood, Gillian
Defibrillators at work -Shock tactics
Occupational Health
2007 JUL 59 (7): 18 - 19
Assesses the case for using automated external defibrillators in the workplace and the need to consider ethical responsibilities towards both the casualty and the first-aider

FINANCE MEDICINES NICE

Chaplin, Steve
OFT condemns the Pharmaceutical Price Regulation Scheme
Prescriber
2007 AUG 16 18 (15): 20 - 22
Describes the Office of Fair Trading’s proposals for reform

FOOT HEALTH DIABETES EDUCATION

Lincoln, NB; Jeffcoate W J and others
Validation of a new measure of protective footcare behaviour: the Nottingham Assessment of Functional Footcare (NAFF)
Practical Diabetes International
2007 MAY 24 (4): 207 - 211
This article outlines the need for documentation of footcare practice among people with diabetes. The conclusion of a pilot questionnaire is that the NAFF could act as an outcome measure in the prospective trials which are needed to establish the place of education programmes in clinical practice.

HEALTH AND SAFETY EMPLOYMENT ACCIDENT PREVENTION REFUGEES

O'Brien Vincent
Refugee and migrant vulnerability to injury
Journal of the Royal Society for the Promotion of Health
2007 JUL 127 (4): 166 - 167
Puts the case for engaging with migrants at an early stage, and campaigning for humane immigration policies to eradicate trafficking which is the cause of unsafe and illegal employment

HEALTH CARE ASSISTANTS HEALTH PROMOTION LIFESTYLE

Hand, Tanis
Health promotion and the healthcare assistant
British Journal of Healthcare Assistants
2007 AUG 1 (5): 203 - 207
Explores some fundamental principles of health promotion and the role healthcare assistants can play in promoting healthier lifestyles

Whitehurst, Fran
Assessment and management of venous leg ulcers
British Journal of Healthcare Assistants
2007 AUG 1 (5): 210 - 213
Includes aetiology, chronic venous hypertension, re-assessment and prevention
Nazarko, Linda
Causes, prevention and treatment of bowel problems
British Journal of Healthcare Assistants
2007  AUG  1 ( 5 ): 215 - 218
Describes normal bowel function, causes, prevention and treatment of bowel problems

Eaton, Anne
What is Skills for Health?
British Journal of Healthcare Assistants
2007  AUG  1 ( 5 ): 224 - 227
Describes the work of Skills for Health, the Sector Skills Council for the UK health sector and explains National Occupational Standards and NVQs

Butcher, Em; Howard, Michelle
The developing role of the assistant practitioner
British Journal of Healthcare Assistants
2007  AUG  1 ( 5 ): 234 - 235
Explain how the training of assistant practitioners and therapy assistants in physiotherapy and occupational therapy worked, and the benefits across healthcare

HEALTH POLICY MENTAL HEALTH SERVICES NURSES

Hairon, Nerys
Improving mental health services for older people
Nursing Times
2007  AUG 21  103 ( 34 ): 21 - 22
Outlines how nurses can help to improve services, following the final report, UK Inquiry into mental health and well-being in later life, which revealed the serious need for improvement

HEALTH VISITORS FAMILIES DISABILITIES

Cernik, Kate and others
Health visitors are key to child-centred services
Community Practitioner
2007  AUG  80 ( 8 ): 16 - 17
The impact the Early Support Programme is having on families with a disabled child

Russell, Sally; Drennan, Vari
Mothers' views of the health visiting service in the UK: a web-based survey
Community Practitioner
2007  AUG  80 ( 8 ): 22 - 26
Survey found that the service was lacking in most areas and highlights the need for the resources so that mothers can retain relationships and continue to access the service

IMMUNISATION INFLUENZA GENERAL PRACTICE

Higson, Nigel; Higson, Elaine
Flu vaccination - Offering protection against influenza
Practice Nurse
2007 AUG 17  34 ( 3 ): 15 - 18
How to run an effective flu vaccination service

Rubin, Lisa and others
An evaluation of the efficacy of the national immunization programme for hepatitis B
Public Health
2007 JUL  121 ( 7 ): 529 - 533
Six year Israeli study looked at children born after 1992 (start of routine immunization), with positive HBsAg blood tests, and found it to be an inexpensive means of monitoring chronic infection rates

INFANT FEEDING (incl. Weaning) HYGIENE
Akeroyd, Louise
Hard drinking
Community Practitioner
2007 AUG  80 ( 8 ): 12 - 12
The difficulties in finding hygienic beakers that encourage good habits for toddlers, promoting drinking rather than sucking

INFANTS SKIN DISORDERS HEALTH PROFESSIONALS
Smoker, Annabel
On top of cradle cap
Journal of Family Health Care
2007  17 ( 4 ): 134 - 136
Explains the clinical background, treatment and management of cradle cap

INFECTION CONTROL HYGIENE NURSES
Pellowe, Carol M
Implementing EPIC2 infection control guidelines
Nursing Times
2007 AUG 14  103 ( 33 ): 30 - 31
Discusses issues restricting the implementation in clinical practice of the national evidence-based guidelines (Journal of Hospital Infection 65S : S1-64)-

LEARNING DISABILITIES PRACTICE NURSING GENERAL PRACTICE
Edwards, Marilyn
Special needs - Caring for patients with a learning disability
Practice Nurse
2007 AUG 17  34 ( 3 ): 38 - 41
Since more people with learning disabilities are living in the community, practice nurses need an understanding of the support they may require

LOCAL GOVERNMENT SOCIAL EXCLUSION OLDER PEOPLE HEALTH POLICY
Swan, Amy
Improving engagement with older people
Swan, from Help the Aged, explains how older people can be involved and informed in making policy at a local level

Sale, Anabel Unity
Sexual orientation - Secrets in the care sector
Community Care
2007 AUG 9 (1685): 14 - 15
Reports on homophobia among social care staff

LYMPHATIC SYSTEM DISORDERS WOUND HEALING EVALUATION

Hampton, Sylvie
Lymphoedema of the lower limb
Journal of Community Nursing
2007 AUG 21 (8): 16 - 20
An overview of the management of lymphoedema which can deteriorate and be more costly to treat - Includes evaluation of best practice

MEDICINES PRESCRIPTIONS BLOOD PRESSURE

Alem, Manal
Angiotension-11 receptor blockers: their place in hypertension
Prescriber
2007 AUG 16 18 (15): 24 - 31
Drug review considers the properties and efficacy of Angiotension-11 receptor blockers, followed by a prescription review, sources of further information and the Datafile of available preparations

MEN’S HEALTH GENDER HEALTH INEQUALITIES

Peate, Ian
An overview of men’s health and the role of the HCA
British Journal of Healthcare Assistants
2007 AUG 1 (5): 198 - 202
An introduction to men's health; discusses key gender sensitive issues for better understanding and more appropriate care and advice

Watson, Paul
One size does not fit all
Community Practitioner
2007 AUG 80 (8): 14 - 15
Watson, a school nurse, says that the new Equality Act should be used to create positive male role models for boys

NICE HEALTH PROFESSIONALS

Adams, Cheryll
Working with NICE
Journal of Family Health Care
2007 17 (4): 113 - 114
Health professionals should be aware of how they can influence NICE, and use
NICE recommendations to improve and protect services

**NURSES BLOOD PRESSURE LONG TERM CONDITIONS**

Hairon, Nerys
Nursing action to tackle the time bomb of hypertension
Nursing Times
2007 AUG 28 103 (35): 21 - 22
Outlines ways in which nurses can improve the management of hypertension

**NURSES, Teaching and Assessing**

Hunt, Louise
Why nurses are central to polyclinics
Nursing Times
2007 AUG 28 103 (35): 16 - 17
Discusses learning and teaching opportunities for nurses within the ‘polyclinic plan’

**NUTRITION OBESITY RESEARCH**

O’Brien, G; Davies, M
Nutrition knowledge and body mass index
Health Education Research
2007 AUG 22 (4): 571 - 575
Results of the study of 500 people from a general practice demonstrates no correlation, but revealed a high level of nutrition knowledge

**OBESITY HEALTH OUTCOMES RESEARCH**

Andreyeva, Tatiana and others
Obesity and health in Europeans aged 50 years and older
Public Health
2007 JUL 121 (7): 497 - 509
Cross-country differences in the prevalence of obesity varied greatly, but the effects of obesity on health were similar

Connelly, JB and others
A systematic review of controlled trials of interventions to prevent childhood obesity and overweight: A realistic synthesis of evidence
Public Health
2007 JUL 121 (7): 510 - 517
The trials found to be effective were those with moderate to vigorous aerobic activity on a relatively compulsory rather than voluntary basis

**OLDER PEOPLE COMMUNITY CARE LOCAL GOVERNMENT FINANCE**

Klee, Deborah
Long-term care
Community Care
2007 AUG 23 (1687): 32 - 33
Explains how low cost, local preventive community services for older people can reduce the need for long-term care
PALLIATIVE CARE ALTERNATIVE MEDICINE & THERAPIES GENERAL PRACTICE

Schofield, Pat and others
Complementary therapies for pain management in palliative care
Journal of Community Nursing
2007 AUG 21 (8): 10 - 14
Discusses complementary therapies used in palliative care and the need for GP's to ensure that patients make informed choices

Griffith, Richard
Euthanasia and assisted suicide: current law and attempts at reform
Nurse Prescribing
2007 5 (7): 315 - 318
Considers the law relating to euthanasia in the UK and the recent attempts at reform

Rosser, Megan
Palliative care emergencies 2: Management
Nursing Times
2007 AUG 21 103 (34): 26 - 27
Examines treatment regimens and the related nursing care to ensure patient safety and comfort

PARENTING EDUCATION INFANTS

Waterston, Tony; Welsh, Brenda
What are the benefits of a parenting newsletter?
Community Practitioner
2007 AUG 80 (8): 32 - 35
Study found that the free monthly newsletter, Baby Express, delivered to the home, was an effective information tool for parents

PREGNANCY COMPLICATIONS DIABETES

ROBINSON, S; Dornhorst, A and others
ABCD position statement on screening for gestational diabetes mellitus
Practical Diabetes International
2007 MAY 24 (4): 192 - 195
This is an article regarding gestational diabetes mellitus being an increasing common medical problem in pregnancy. Whilst waiting the review on the 2003 NICE guidelines this article offers a pragmatic approach for the detection of glucose intolerance in pregnancy.

PRESCRIPTIONS HIV & AIDS MEDICINES

O'Connell, Nicola
Non-adherence in HIV: a life-threatening problem
Nurse Prescribing
2007 5 (7): 286 - 287
Prescribers should review a patient's personal circumstances to uncover the reasons, which can then be addressed and resolved
RESEARCH OCCUPATIONAL THERAPY CHILD DEVELOPMENT

Novak, Iona and others
A pilot study on the impact of occupational therapy home programming for young children with cerebral palsy
American Journal of Occupational Therapy
2007 JUL 61 (4): 463 - 468
Results were promising and suggest that further investigation is warranted.

Dunbar, Amanda; Stewart, Heather
Making sense of ..... Research articles (part 2)
British Journal of Healthcare Assistants
2007 AUG 1 (5): 236 - 236
Includes aim, method, sample, intervention, outcome measures, and data analysis.

de Vet, Emely and others
Comparing stage of change and behavioral intention to understand fruit intake
Health Education Research
2007 AUG 22 (4): 599 - 608
Dutch study using electronic questionnaires concluded that pre-action stages are no different from the categorization of a continuous measure of intention.

Paterson, Moray F
Tackling sexual health inequalities: Work in progress with young people at risk
International Journal of Health Promotion and Education
2007 45 (3): 77 - 80
Describes the range of pilot initiatives underway in Scotland, the evaluation processes designed to assess their impact, and the initial learning from this work.

Handoll, Helen and others
Moving towards evidence-based healthcare for musculoskeletal injuries: featuring the work of the Cochrane Bone, Joint and Muscle Trauma Group
Journal of the Royal Society for the Promotion of Health
2007 JUL 127 (4): 168 - 173
Focuses on osteoporotic fractures and soft-tissue joint injuries, and discusses issues associated with their prevention and management. Gives examples of how Cochrane reviews inform choices and practice, and guide further research.

Walker, Natalie and others
Psychological responses to injury in competitive sport: a critical review
Journal of the Royal Society for the Promotion of Health
2007 JUL 127 (4): 174 - 179
Looks at the integrated response to sport injury and rehabilitation model and argues that the interrelationships between emotional responses, behavioural responses, cognitive appraisals and recovery outcomes are much more complex.

Lang, Iain and others
Was John Reid right? Smoking, class, and pleasure: A population-based cohort study in England
Public Health
2007 JUL 121 (7): 518 - 524
Study found no evidence that smoking was associated with heightened levels of
pleasure for lower socio-economic groups or in the general population

Pevalin, DJ
Socio-economic inequalities in health and service utilization in the London Borough of Newham
Public Health
2007 AUG 121 ( 8 ): 596 - 602
Study found that despite higher prevalence of poor health and high service use, the relative effects of socio-economic inequalities are similar to those in the rest of Britain

Brown, Adrienne; Siahpush M
Risk factors for overweight and obesity: results from the 2001 National Health Survey
Public Health
2007 AUG 121 ( 8 ): 603 - 613
Australian study found that reductions in mortality and morbidity associated with overweight may be achieved by targeting health promotion strategies to high risk groups

Winters, L and others
Developing public health nursing: barriers perceived by community nurses
Public Health
2007 AUG 121 ( 8 ): 623 - 633
Identifies the key issues which need to be addressed in order for community nurses to develop their public role

RESIDENTIAL CARE HUMAN RIGHTS LOCAL GOVERNMENT

Hunter, Mark
Human Rights - Out of the public eye
Community Care
2007 AUG 2 ( 1684 ): 16 - 17
Reports on the implications of the exemption of private care homes from the Human Rights Act, particularly as councils contract out services

Score, Cathy; McCabe, Jenny
Continuing Care - Who pays?
Community Care
2007 AUG 2 ( 1684 ): 26 - 27
Social services have been reluctant to challenge the NHS, but the new eligibility framework may change matters

SEXUAL ABUSE NURSES

Vere-Jones, Emma
Nursing the survivors of sexual assault
Nursing Times
2007 AUG 28 103 ( 35 ): 18 - 19
How forensic nurse, Jo Delaforce helps clients regain control

SEXUAL HEALTH SEXUAL BEHAVIOUR COMMUNICATION SKILLS
Burke, Ann
Sexual health - Taking a sexual history
Practice Nurse
2007  AUG 17  34 ( 3 ): 28 - 32
The importance of taking a detailed history and the key questions to ask

SEXUAL PROBLEMS WOMEN'S HEALTH MENOPAUSE

Hallam-Jones, Ruth
Management of hypoactive sexual desire disorder
Nurse Prescribing
2007  5 ( 7 ): 297 - 303
Although previously thought to be psychological, its recognition in surgical menopausal women has led to better understanding and treatment options

SKIN DISORDERS CONTINENCE OLDER PEOPLE

Nazarko, Linda
Managing incontinence dermatitis
British Journal of Community Nursing
2007  AUG  12 ( 8 ): 358 - 363
How to treat incontinence dermatitis which is more likely to affect those with ageing skin

SMOKING LAW CHILDREN

Mooney, Helen
Public Health - Smoking battle heats up as age law targets the cool kids
Health Service Journal
2007  AUG  9  117 ( 6068 ): 12 - 13
Following the ban on smoking in public, the government is continuing by raising the legal age for buying tobacco

SMOKING CESSATION HEALTH PROMOTION MEDICINES

Croghan, Emma
Optimizing on smoke-free legislation: making the most of the opportunity
British Journal of Community Nursing
2007  AUG  12 ( 8 ): 334 - 336
How health practitioners can empower clients to quit smoking

Percival, Jennifer
Smoking: tackling the silent epidemic
Journal of Family Health Care
2007  17 ( 4 ): 109 - 110
Explains how more people can be helped to quit now that the new laws are in place

STOMA HOSPITAL DISCHARGE COMMUNITY NURSING

Williams, Julia
Stoma care nursing: what the community nurse needs to know
British Journal of Community Nursing
2007 AUG 12 (8): 342 - 346
Gives the community nurse an overview of stoma care nursing in order for patients

to be given the continuity of care they need following their discharge from hospital

Williams, Julia
Stoma care nursing: what the community nurse needs to know
British Journal of Community Nursing
2007 AUG 12 (8): 342 - 346
Gives the community nurse an overview of stoma care nursing in order for patients

to be given the continuity of care they need following their discharge from hospital

TRAINING CHILD BEHAVIOUR DISORDERS NURSES

Nathan, Dilip and others
Learning sets....the way forward?
Community Practitioner
2007 AUG 80 (8): 28 - 31
Report on a cost-effective, structured programme that focused on the training of
community nursery nurses to manage childhood behaviour

WORKPLACE OBESITY OCCUPATIONAL HEALTH

Botes, Dee
Taking steps to weight loss
Occupational Health
2007 JUL 59 (7): 27 - 29
Looks at the role OH can play in reducing obesity - how an obesity audit at an NHS
Trust helped their staff adopt healthier lifestyles

WOUND HEALING

Benbow, Maureen
Diagnosing and assessing wounds
Journal of Community Nursing
2007 AUG 21 (8): 26 - 32
Includes wound assessment parameters, aetiology, classification, granulation,
epithelialising, odour and other considerations
