How to use

The document begins with list of headings that are hyperlinked to the corresponding section in the document. This will make it easier for you to navigate your way around the document. All the journals listed except the BMJ (this is available online) are held in the David Adams Library. Please note that the BMJ is now a fully online journal. This means that all of the references published here are available online, some may be published in the paper version others are not. For those employed by the NHS you will have access to the BMJ using your NHS Athens account. If you need help obtaining any of the papers listed here please contact your local library, for Marsden staff please contact the David Adams Library.

The journal titles that are indexed for this bulletin are listed on the last page. If you would like to see any back issues of the bulletin they can be retrieved from the website below: http://www.londonlinks.ac.uk/current_awareness
