CancerAware

APRIL 2013

Compiled by the staff of the David Adams Library

To subscribe to CancerAware send an e-mail to library@rmh.nhs.uk with the word SUBSCRIBE in the subject line of the e-mail and include your full name in the e-mail
How to use

All the journals listed in this bulletin are subscriptions taken by the David Adams Library, except the BMJ (this is available online for NHS staff via your NHS Athens account). Some journals are now only available online. This is the case with the European Journal of Cancer Care and Psycho-Oncology. Please check with your local healthcare library about obtaining papers from these electronic journals, for Marsden staff please contact the David Adams Library.

CancerAware uses a referencing style called ‘CancerAware’ which is different from the Harvard style. If you wish to use any of the references contained in CancerAware for academic study you will have to adapt the references to fit in with the style of the academic institution that you attend. The CancerAware style incorporates the minimum information needed to find the reference/paper and incorporates the Digital Object Identifier – if available – for easier retrieval.

BRAIN CANCER

BREAST CANCER

Greenlee, H. et al. (2013) Phase II study of glucosamine with chondroitin on aromatase inhibitor-associated joint symptoms in women with breast cancer. (research) Supportive Care in Cancer, 21(4) p1077-87. doi: 10.1007/s00520-012-1628-z

CANCER EMERGENCIES

CANCER : GENERAL
