The document begins with list of headings that are hyperlinked to the corresponding section in the document. This will make it easier for you to navigate your way around the document. All the journals listed except the BMJ (this is available online) are held in the David Adams Library.

If you would like to subscribe to further issues please send an e-mail to dale.russell@rmh.nhs.uk, or if you know of another member of staff who works in cancer or cancer palliative care please let them inform of this current awareness service.
Bone cancer

**Biphosphonate therapy for metastatic bone disease: the pivotal role for nurses in patient education** *(review)* M I Fitch et al, Oncology Nursing Forum 35(4) 2008 p709-713

Brain cancer

**Being the next of kin of a person with a low-grade glioma** *(research)* T Edvardsson et al, Psycho-oncology 17(6) 2008 p584-591

**Screening for distress in patients with brain cancer using the NCCN’s rapid screening measure** *(research)* S T Keir et al, Psycho-oncology 17(6) 2008 p621-625

Breast cancer

**‘Making the best of it’: Chinese women’s experiences of adjusting to breast cancer diagnosis and treatment** *(research)* M R Fu et al, J of Advanced Nursing 63(2) 2008 p155-165

**Postlymphadenectomy complications and quality of life among breast cancer patients in Brazil** *(research)* C Rodrigues Paim et al, Cancer Nursing 31(4) 2008 p302-309

**Prophylactic mastectomy may be cheaper and a more effective cancer prevention strategy than conventional treatment and long-term surveillance** *(news)* European J of Cancer Care 17(4) 2008 p324-325

**Health-related quality of life during adjuvant treatment of breast cancer among postmenopausal women** *(research)* M Browall et al, European J of Oncology Nursing 12(3) 2008 p180-189

**The role of endocrine therapies in reducing risk of recurrence in postmenopausal women with hormone receptor-positive breast cancer** *(review)* E Pennery, European J of Oncology Nursing 12(3) 2008 p233-243

**Helping patients choose** *(feature)* C Sheppard, Cancer Nursing Practice 7(6) 2008 p18-20

**A model of care for optimising recovery after breast cancer surgery** *(audit and review)* S Lawrance et al, Cancer Nursing Practice 7(6) 2008 p35-39

**Management of breast cancer – part I** *(educational paper)* N C Turner, BMJ 337 2008 p a421

**Sensitivity and specificity of the Distress Thermometer for depression in newly diagnosed breast cancer patients** *(evaluation)* M T Hegel et al, Psycho-oncology 17(6) 2008 p556-560

**Effect of exercise on biomarkers, fatigue, sleep disturbances, and depressive symptoms in older women with breast cancer receiving hormonal therapy** *(research)* JK Payne et al, Oncology Nursing Forum 35(4) 2008 p635-642
Sequential therapy with tamoxifen and aromatase inhibitors in early-stage post-menopausal breast cancer: a review of the evidence (review) G Litsas, Oncology Nursing Forum 35(4) 2008 p714-721

Management of breast cancer- part 2 (educational paper) NC Turner et al, BMJ 337 2008 pa540

Psychosocial intervention as a component of routine breast cancer care: who participates and does it help? (research) I Schou et al, Psycho-Oncology 17(7) 2008 p716-720

Cancer emergencies

Performance of a modified MASCC index score for identifying low-risk febrile neutropenic cancer patients (research) L de Souza Vianna et al, Supportive Care in Cancer 16(7) 2008 p841-846

Hemolytic uremic syndrome (educational paper) D Camp-Sorrell, Oncology Nursing Forum 35(4) 2008 p593-596

Cancer nursing

Cancer care (reflections of a 3rd year nursing student) A Atkinson, Nursing Standard 22(44) 2008 p59

Patient-reported outcomes: a desirable specialty standard for oncology or an incomplete measurement approach? (editorial) P S Hinds, Cancer Nursing 31(4) 2008 p259

Embracing technology: patient’, family members’ and nurse specialists’ experience of communicating using e-mail (research) A Cornwall et al, European J of Oncology Nursing 12(3) 2008 p198-208

Exploding the work of nurses who administer chemotherapy (research) R Verity et al, European J of Oncology Nursing 12(3) 2008 p244-252

Evaluation and art therapy treatment of the burnout syndrome in oncology units (research) S Italia et al, Psycho-Oncology 17(7) 2008 p676-680

Getting it right under pressure: action research and reflection in palliative nursing (research) B Taylor et al, International J of Palliative Nursing 14(7) 2008 p326-331

Palliative care nurse consultants in Melbourne: a snapshot of their clinical role (research) M O’Connor et al, International J of Palliative Nursing 14(7) 2008 p350-355

Cancer prevention

Electromagnetic shield for motorcycle seats (news) European J of Cancer Care 17(4) 2008 p322

Cancer services

Just a private matter (readers views on top-up treatment) Nursing Standard 22(43) 2008 p28-29

Cancer firm expects NHS to fall short (news) Health Service J 118(6114) 2008 p7
The European Society of Medical Oncology (ESMO) and ECCO – the European Cancer Organisation join forces (news) European J of Cancer Care 17(4) 2008 p325-326

Patient contentment, greater freedom for frontline staff are key to Darzi report (news feature) K Birmingham, Cancer Nursing Practice 7(6) 2008 p4

Applause for Darzi workforce plan (news feature) K Birmingham, Cancer Nursing Practice 7(6) 2008 p5

Cancer drug top-ups: can we kill the zombie for good? (personal viewpoint) C Donaldson, BMJ 337(7660) 2008 p54

Drug for cancer and copayments: principles underpinning copayments must preserve equity, be transparent, and enhance knowledge on treatment outcomes (editorial) I Finlay et al, BMJ 337(7660) 2008 p2-3

Investment boost for Marie Curie (news) S Ford, Nursing Times 104(28) 2008 p7

IPOS Sutherland Memorial Lecture: psycho-oncology and health care research U Koch, Psycho-oncology 17(6) 2008 p533-537

Bespoke therapy raises vital question of cost (newspaper article) M Henderson, The Times 22 July 2008 p7

Why not adopt the blacklist of yore? (letter on cancer drugs and copayments) L Sam Lewis, BMJ 337(7662) 2008 p127

Critical issue is rapidity of review of new drugs (letter on cancer drugs and copayments) A Rodger et al, BMJ 337(7662) 2008 p127

Three jailed for selling phoney drug to cancer patients in Germany (news) A Tuffs, BMJ 337(7663) 2008 p197

Cornwall’s one-site cancer plans run aground (news) I Torjesen, Health Service J 118(6117) 2008 p6

Carers

Predictors of employment and lost hours from work in cancer caregivers (research) P R Sherwood et al, Psycho-oncology 17(6) 2008 p598-605

Chemotherapy

Ixabepilone in combination with capecitabine extends progression-free survival in metastatic breast cancer by 40% compared to capecitabine alone (news) European J of Cancer Care 17(4) 2008 p322-323

Docetaxel-related side effects and their management (research) J Baker et al, European J of Oncology Nursing 12(3) 2008 p253-268

Development of a patient-held diary for oral chemotherapy (evaluation) C Oakley et al, Cancer Nursing Practice 7(6) 2008 p31-34

Prophylaxis of catheter-related venous thrombosis in cancer patients (review) M Karthaus Supportive Care in Cancer 16(7) 2008 p 787-790

IV therapy: recognizing the differences between infiltration and extravasation (educational paper) L Dougherty, British J of Nursing 17(14) 2008 p896-901
Weekly docetaxel regimens and radiation pneumonitis (letter with case reports) D Mauri et al, The J of Supportive Oncology 6(6) 2008 p265-266

Colorectal cancer
Impact of colorectal cancer on patient and family: implications for care (research) H Cotrim et al, European J of Oncology Nursing 12(3) 2008 p217-226
Discharge after colorectal cancer surgery 1: an overview (review) C Taylor, Nursing Times 104(28) p 28-29
Discharge after colorectal cancer surgery 2: planning (review) C Taylor, Nursing Times 104(29) 2008 p30-31

Communication
“What concerns me is …” Expression of emotion by advanced cancer patients during outpatient visits (research) W G Anderson et al, Supportive Care in Cancer 16(7) 2008 p 803-811

Complementary therapies
Facing the challenges of hematopoietic stem cell transplantation with mindfulness meditation: a pilot study (research) S Bauer-Wu et al, Integrative Cancer Therapies 7(2) 2008 p62-69
An international pilot study of oncology physicians’ opinions and practices on Complementary and Alternative Medicine (CAM) (research) R T Lee et al, Integrative Cancer Therapies 7(2) 2008 p70-75
Shedding light on vitamin D and integrative oncology (educational paper and review) I Cantor, Integrative Cancer Therapies 7(2) 2008 p81-89
Herbal use among cancer patients during palliative or curative chemotherapy treatment in Norway (research) S Engdal et al, Supportive Care in Cancer 16(7) 2008 p763-769
The determinants of traditional Chinese medicine and acupuncture utilization for cancer patients with simultaneous conventional treatment (research) C Y Pu et al, European J of Cancer Care 17(4) 2008 p340-349
Acupuncture for pain and dysfunction after neck dissection: preliminary results of a randomized controlled trial (short research report) D Pfister et al, The J of Supportive Oncology 6(6) 2008 p295-296

Death and bereavement
When is dying? (editorial) S Wein, Palliative and Supportive Care 6(2) 2008 p107-117
Predictors of well-being in bereaved former hospice caregivers: the role of caregiving stressors, appraisals, and social resources (research) A M Burton et al, Palliative and Supportive Care 6(2) 2008 p149-158
Letting go before a death: a concept analysis S E Lowey, J of Advanced Nursing 63(2) 2008 p208-215
Perspectives on the impact of early parent loss in adulthood in the UK: narratives provide the way forward (editorial) J Ellis et al, European J of Cancer Care 17(4) 2008 p317-318
Factors contributing to evaluation of a good death from the bereaved family member’s perspective (research) M Miyashita et al, Psycho-oncology 17(6) 2008 p612-620

A meditation on remorse (editorial) DJ Roy, J of Palliative Care 24(2) 2008 p67-68

“Those who knew the ways of water” – Bruce Dawe and the nature of palliative care (feature) F Brennan, J of Palliative Care 24(2) 2008 p119-121

The nature and use of bereavement support services in a hospice setting (research) A Roberts et al, Palliative Medicine 22(5) 2008 p612-625

Anticipatory mourning: processes of expected loss in palliative care (research) L Clukey, International J of Palliative Nursing 14(7) 2008 p316-325

A good death (feature) J Hartley, Nursing Times 104(30) 2008 p18-20

Education

A one-day education in soft tissue massage: experiences and opinions as evaluated by nursing staff in palliative care (small research study) B Seiger Cronfalk et al, Palliative and Supportive Care 6(2) 2008 p141-148

Epidemiology and statistics

Is the number of cancer cases increasing or decreasing in the world? World Health Organisation answers the question (news) European J of Cancer Care 17(4) 2008 p323-324

Symptoms and treatment burden associated with cancer treatment: results from a cross-sectional national survey in the US. (research) D H Henry et al, Supportive Care in Cancer 16(7) 2008 p791-801

Ethics

Factors related to the involvement of nurses in medical end-of-life decisions in Belgium: A death certificate study (research) E Inghelbrecht et al, International J of Nursing Studies 45(7) 2008 p1022-1031

The response of a Swiss university hospital’s palliative care consult team to assisted suicide within the institution (review) J Pereira et al, Palliative Medicine 22(5) 2008 p659-667

Considering the ethics of hope (review) V Cellarius et al, J of Palliative Care 24(2) 2008 p110-116

Families

‘A voyage of grief and beauty’: supporting a dying family member with an intellectual disability (research) S Marlow et al, International J of Palliative Nursing 14(7) 2008 p342-349

Gastrointestinal cancers

Drug delays progression of operable pancreatic cancer (news) European J of Cancer Care 17(4) 2008 p321-322

Pancreatic cancer (case reports and review) C Gyllenhaal, Integrative Cancer Therapies 7(2) 2008 p103-113
Self-reported experience and outcomes of care among stomach cancer patients at a median follow-up time of 27 months from diagnosis (research) S Kim et al, Supportive Care in Cancer 16(7) 2008 p831-839

Measuring post-traumatic growth in people diagnosed with hepatobiliary cancer: directions for future research (research) JL Steel et al, Oncology Nursing Forum 35(4) 2008 p643-650

The prognostic significance of patient-reported outcomes in pancreatic cancer cachexia (research) DW Robinson et al, The J of Supportive Oncology 6(6) 2008 p283-290

Genetic counselling
Genetic polymorphisms affect cancer pain, response to analgesia, thromboembolism risk (research reports) CC Reyes-Gibby et al, The J of Supportive Oncology 6(6) 2008 p293-294

Gynaecological cancer
Supportive care needs of women with gynaecologic cancer (research) R Steele et al, Cancer Nursing 31(4) 2008 p284-291

Debate exists as to whether exercise and body size influence ovarian cancer risk (news) European J of Cancer Care 17(4) 2008 p320

Results of post-operative abdomino-pelvic radiotherapy in intermediate- and high-risk epithelial ovarian cancer (research) A Mosalaei et al, European J of Cancer Care 17(4) 2008 p371-376

Human papillomavirus vaccination in the UK (editorial) J J Kim, BMJ 337 2008 pa842

Economic evaluation of human papillomavirus vaccination in the United Kingdom (research) M Jit, BMJ 337 2008 pa769

The Gynaecologic Leiden Questionnaire: psychometric properties of a self-report questionnaire of sexual function and vaginal changes for gynaecological cancer patients (research) QD Pieterse et al, Psycho-Oncology 17(7) 2008 p681-689

Decision on cervical cancer vaccine is false economy, say health groups (newspaper article) S Boseley, The Guardian 18 July 2008 p15

Haemato-oncology
New hope for patients with chronic myeloid leukaemia (news) European J of Cancer Care 17(4) 2008 p324

Help-seeking behaviour in patients with lymphoma (research) D A Howell et al, European J of Cancer Care 17(4) 2008 p394-403

Head and neck cancer
Broad welcome for head and neck cancer drug (feature) C Davis, Cancer Nursing Practice 7(6) 2008 p12-13

Radiotherapy support (feature on nurse specialists) D Pountney, Cancer Nursing Practice 7(6) 2008 p6-7
Hospices

The acceptability of an information leaflet explaining cardiopulmonary resuscitation policy in the hospice setting: a qualitative study exploring patients’ views (research) HM Johnson et al, Palliative Medicine 22(5) 2008 p647-652

Hospice palliative care volunteers: a unique care link (research) L E Weeks et al, J of Palliative Care 24(2) 2008 p85-93

Open all hours: a qualitative exploration of open visiting in a hospice (research) L Cooper et al, International J of Palliative Nursing 14(7) 2008 p334-341

Lung cancer

Inflammatory pseudotumour of the lung with sarcomatous brain metastasis (educational paper) J Jeba et al, European J of Cancer Care 17(4) 2008 p412-414

Spanish, Polish and Italian scientists join forces and discover the BRCA1 gene’s relationship to lung cancer (news) European J of Cancer Care 17(4) 2008 p325

Advances in lung cancer care (conference report) L Darlison, Cancer Nursing Practice 7(6) 2008 p17

Does blaming the patient with lung cancer affect the helping behaviour of primary caregivers? (research) MM Lobchuk et al, Oncology Nursing Forum 35(4) 2008 p681-689

Do patients with schizophrenia receive state-of-the-art lung cancer therapy? A brief report (research) FJ Mateen et al, Psycho-Oncology 17(7) 2008 p721-725

Dyspnea experience and management strategies in patients with lung cancer (research) I Henoch et al, Psycho-Oncology 17(7) 2008 p709-715

Media

Behind the headlines: Cancer patient recovers after injection of cells (feature) Nursing Times 104(26) 2008 p11

Nutrition

A chocolate bar a day… (feature) S Acreman, Cancer Nursing Practice 7(6) 2008 p9

Oral care

Interventions for preventing oral candidiasis for patients with cancer receiving treatment (review summary prepared by the Joanna Briggs Institute) J E Clarkson et al, J of Advanced Nursing 63(2) 2008 p146-147

Paediatric cancer

Impact of effective nursing interventions to the fatigue syndrome in children who receive chemotherapy (research) R Ekti Genc et al, Cancer Nursing 31(4) 2008 p312-317

Using plain language skills to create an educational brochure about sperm banking for adolescent and young adult males with cancer (evaluation) K Nagel et al, J of Pediatric Oncology Nursing 25(4) 2008 p220-226

Does infection in early childhood cause or prevent childhood leukaemia? (news) European J of Cancer Care 17(4) 2008 p321
Examing the push-pull method of blood sampling from central venous access devices (research) K Adlard, J of Pediatric Oncology Nursing 25(4) 2008 p200-207
Antibiotics in 30 minutes or less for febrile neutropenic patients: a quality control measure in a new hospital (evaluation) A L Corey et al, J of Pediatric Oncology Nursing 25(4) 2008 p208-212

Paediatric cancer: psychosocial factors
Living with hope and fear – the uncertainty of childhood cancer after relapse (research) S DE Graves et al, Cancer Nursing 31(4) 2008 p292-301
Talking with others who “just know”: perceptions of adolescents with cancer who participate in a teen group (research) J Cassano et al, J of Pediatric Oncology Nursing 25(4) 2008 p193-199
Cancer in childhood: children’s and parent’ aspects for quality of life (research) V Matziou et al, European J of Oncology Nursing 12(3) 2008 p209-216
Randomized controlled trial of the active music engagement (AME) intervention on children with cancer (research) SL Robb et al, Psycho-Oncology 17(7) 2008 p699-708

Pain management
When morphine does not work (review) M Fallon, Supportive Care in Cancer 16(7) 2008 p771-775
Consensus guideline on parenteral methadone use in pain and palliative care (review) L Shaiova et al, Palliative and Supportive Care 6(2) 2008 p165-176
To replace or not to replace? – partial coning and a sixth nerve palsy secondary due to displacement of a tunnelled intrathecal catheter for pain control J Gibbins et al, Palliative Medicine 22(5) 2008 p668-670
Cancer pain control in the setting of substance use: establishing goals of care (case study) S Burton-Macleod et al, J of Palliative Care 24(2) 2008 p122-125
Development and initial evaluation of reliability and validity of the opioid-taking self-efficacy scale (research) S Y Liang et al, Oncology Nursing Forum 35(4) 2008 p602 online exclusive

Palliative care
Psychiatric issues in palliative care: recognition of delirium in patients enrolled in hospice care (research) S A Irwin et al, Palliative and Supportive Care 6(2) 2008 p159-164
An update on the use of antipsychotics in the treatment of delirium (review) Y Alici-Evcimen et al, Palliative and Supportive Care 6(2) 2008 p177-182
Researching experiences of terminal cancer: a systematic review of methodological issues and approaches (review) F M Harris et al, European J of Cancer Care 17(4) 2008 p377-386
Benchmarking: a useful tool for informing and improving care of the dying? (research) J Ellershaw et al, Supportive Care in Cancer 16(7) 2008 p813-819
Prophylactic anti-coagulation in cancer palliative care: a prospective randomised study (research) C Weber et al, Supportive Care in Cancer 16(7) 2008 p847-852
Dying cancer patients’ experiences of powerlessness and helplessness (research) L Sand et al, Supportive Care in Cancer 16(7) 2008 p 853-862
Palliative care research in the community: it is time to progress this emerging field (editorial) S Murray et al, Palliative Medicine 22(5) 2008 p609-611
Differing management of people with advanced cancer and delirium by four sub-specialties (research) M Agar et al, Palliative Medicine 22(5) 2008 p633-640
Inappropriateness of using opioids for end-stage palliative sedation: a Dutch study (research) R P B Reuzel et al, Palliative Medicine 22(5) 2008 p641-646
Death during transfer of a palliative care patient (case report) N J Pease et al, Palliative Medicine 22(5) 2008 p671-672
How strictly should advance decisions be followed? The patients’ opinion (letter) R J Jox et al, Palliative Medicine 22(5) 2008 p675-676
Does recognition of the dying phase have an effect on the use of medical interventions (research) L Veerbeek et al, J of Palliative Care 24(2) 2008 p94-99
End of life decisions: nurses perceptions, feelings and experiences (research) R E McMillen, Intensive and Critical Care Nursing 24(4) 2008 p251-259
Supporting patients and their caregivers after-hours at the end of life: the role of telephone support (research) J L Phillips et al, J of Pain and Symptom Management 36(1) 2008 p11-21
Relief of incident dyspnea in palliative cancer patients: a pilot, randomized, controlled trial comparing nebulized hydromorphone, systemic hydromorphone, and nebulized saline (research) M A Charles et al, J of Pain and Symptom Management 36(1) 2008 p29-38
The pursuit of happiness in end-of-life care (editorial) A Bailey British J of Nursing 17(14) 2008 p877
NHS told it must help patients to choose where and how to die (newspaper article) D Rose, The Times 7 July 2008 p6-7
Improving end-of-life care (editorial) J Gray, Nursing Standard 22(46) 2008 p1
A strategy for end of life care in the UK (editorial) J Riley, BMJ 337(7663) 2008 p185-186
End of life strategy offers home based nursing care 24 hours a day for dying patients (news) S Mayor, BMJ 337(7663) 2008 p195
Balancing the benefits and risks of esophageal stenting in the palliation of malignant dysphagia (review) R Lambert, The J of Supportive Oncology 6(6) 2008 p275-276
Moving beyond single-modality management of malignant dysphagia (commentary) JS Barthel, The J of Supportive Oncology 6(6) 2008 p274-275
Esophageal stenting for the palliation of malignant dysphagia (commentary) A Mougey et al, The J of Supportive Oncology 6(6) 2008 p267-273

Exploring the concepts behind truth-telling in palliative care (viewpoint) S Shaw, International J of Palliative Nursing 14(7) 2008 p356-359

End of life strategy to ensure quality care for dying patients (feature) I Torjesen, Nursing Times 104(30) p21-22

Patient education

Evaluation of the addition of video-based education for patients receiving standard pre-chemotherapy education (research) N Kinnane et al, European J of Cancer Care 17(4) 2008 p328-339

Pelvic cancer

Prostate cancer

Psychometric evaluation of the German version of the Life Attitude Profile – Revised in prostate cancer patients (evaluation) A Mehnert et al, Palliative and Supportive Care 6(2) 2008 p119-124

Early decision and psychosocial support intervention for men with localised prostate cancer: an integrated approach (research) S K Steginga et al, Supportive Care in Cancer 16(7) 2008 p 821-829

Prostate cancer patients with BRCA2 mutation face poor survival (news) R Dobson, BMJ 337 2008 pa705

Prostate cancer pioneer (news) Nursing Times 104(29) 2008 p7

Cancer drug could save the lives of 10,000 a year (newspaper article) D Rose, The Times 22 July 2008 p1&6

Once they were beyond hope. Now science could halt the domino effect (newspaper article) M Henderson, The Times 22 July 2008 p6

Low risk of fracture and diabetes seen with continuous ADT use (risk of ADT in prostate cancer) S M Alibhai et al, The J of Supportive Oncology 6(6) 2008 p292

Psycho-social factors

The existential plight of cancer: meaning making as a concrete approach to the intangible search for meaning (review) V Lee, Supportive Care in Cancer 16(7) 2008 p779-795

General practitioners’ experience of the psychological aspects in the care of a dying patient (research) B Kelly et al, Palliative and Supportive Care 6(2) 2008 p125-131

Preserving life at the end of life: shifting the temporal dimension of hope (personal reflection) A Strada, Palliative and Supportive Care 6(2) 2008 p187-188

Uncertainty and anxiety during the diagnostic period for women with suspected breast cancer (research) M N Liao et al, Cancer Nursing 31(4) 2008 p274-283

Psychosocial perspectives of the partners of breast cancer patients treated with a mastectomy (research) L Komura Hoga et al, Cancer Nursing 31(4) 2008 p318-325
Screening for preparatory grief in advanced cancer patients (research) K Mystakidou et al, Cancer Nursing 31(4) 2008 p326-332

Do nurses and cancer patients agree on cancer patients’ coping resources, emotional distress and quality of life? (research) G Mårtensson et al, European J of Cancer Care 17(4) 2008 p350-351

Screening for distress in cancer patients: is the distress thermometer a valid measure in the UK and does it measure change over time? A prospective validation study (research) S Gessler et al, Psycho-oncology 17(6) 2008 p538-547

Have men been overlooked? A comparison of young men and women’s experiences of chemotherapy-induced alopecia (research) S Hilton et al, Psycho-oncology 17(6) 2008 p577-583

Gender and ethnic differences in cancer patients’ needs for help: an internet survey (research) E-O Im et al, International J of Nursing Studies 45(8) 2008 p1192-1204

Patient diaries: can they offer psychological help to cancer patients? (small qualitative research study) A Hayes et al, Cancer Nursing Practice 7(6) 2008 p25-28

Cancer nurses help beat depression (news) C Lomas, Nursing Times 104(28) 2008 p8

Screening for psychological distress in two French cancer centres: feasibility and performance of the adapted distress thermometer (research) S Dolbeault et al, Palliative and Supportive Care 6(2) 2008 p107-117

Screening for domestic violence in an oncology clinic: barriers and potential solutions (research) A Owen-Smith et al, Oncology Nursing Forum 35(4) 2008 p625-633

An online forum exploring needs for help of patients with cancer: gender and ethnic differences (research) E O Im et al, Oncology Nursing Forum 35(4) 2008 p653-660

Cancer, mental disorders, suicidal ideation and attempts in a large community sample (research) D T Rasic et al, Psycho-Oncology 17(7) 2008 p660-667

The clinical value of quality of life assessment in oncology practice – a qualitative study of patient and physician views (research) G Velikova et al, Psycho-Oncology 17(7) 2008 p690-698

Sustaining hope when communicating with terminally ill patients and their families: a systematic review (review) JM Clayton et al, Psycho-Oncology 17(7) 2008 p641-659

How useful is a screening instrument? (letter on psychological screening) B Garssen et al, Psycho-Oncology 17(7) 2008 p726-728

Patient optimism and mastery – do they play a role in cancer patients’ management of pain and fatigue? (research) M E Kurtz et al, J of Pain and Symptom Management 36(1) 2008 p1-10

Psychotherapy

Cognitive behaviour therapy for complicated grief (research) P Bolen, Bereavement Care 27(2) 2008 p27-30

Radiotherapy

Quality of care experienced by Finnish cancer patients during radiotherapy (research) M Siekkinen et al, European J of Cancer Care 17(4) 2008 p387-393
Rehabilitation

Inpatient cancer rehabilitation: a retrospective comparison of transfer back to acute care between patients with neoplasm and other rehabilitation patients (research) E Alam et al, Archives of Physical Medicine and Rehabilitation 89(7) 2008 p1284-1289

Home-based lymphedema treatment in patients with cancer-related lymphedema or noncancer-related lymphedema (research) S H Ridner et al, Oncology Nursing Forum 35(4) 2008 p671-680

Research

Phenomenology in pediatric cancer nursing research (overview) D Fochtman, J of Pediatric Oncology Nursing 25(4) 2008 p185-192

Canada and India: an innovative partnership to advance oncology nursing research (feature) C G Loiselle et al, Oncology Nursing Forum 35(4) 2008 p583-587

Creating a research culture in a palliative care service environment: a qualitative study of the evolution of staff attitudes to research during a large longitudinal controlled trial (ISRCTN81117481) (research) C Grbich et al, J of Palliative Care 24(2) 2008 p100-109

Developing narrative research in supportive and palliative care: the focus on illness narratives (review) A F Bingley et al, Palliative Medicine 22(5) 2008 p653-658

Screening

How do women who choose not to participate in population-based cervical cancer screening reason about their decision? (research) K Blomberg et al, Psycho-oncology 17(6) 2008 p561-569

Two decades on target but there is more to do (feature) J Patnick, Health Service J 118(6117) 2008 p14-15

Skin cancer

Is sun exposure a major cause of melanoma? (Debate on causality between 2 leading clinicians) S W Menzies et al, BMJ 337(7663) 2008 p204-205

Spirituality

Religious commitment, religious coping and anxiety: a study in German patients with breast cancer (research) C Zwingmann et al, European J of Cancer Care 17(4) 2008 p361-370

Bereavement in Buddhist teaching and practice (feature) P Goble, Bereavement Care 27(2) 2008 p31-32

Survivorship

Cancer survivors are living ‘in limbo’ with unmet needs for care (news) European J of Cancer Care 17(4) 2008 p326-327

Improving the health and well-being of cancer survivors: past as prologue (review) J R Bloom, Psycho-oncology 17(6) 2008 p525-532
The role of the long-term follow-up clinic in discovering new emerging late effects in adult survivors of childhood cancer (case study and review) K A Meeske et al, J of Pediatric Oncology Nursing 25(4) 2008 p213-219

Cancer survivors’ views of work 3 years post diagnosis: a UK perspective (research) Z Amir et al, European J of Oncology Nursing 12(3) 2008 p190-197

Symptom control

Lifting symptom burden – how far off the ground are we? (editorial) M Davis et al, Supportive Care in Cancer 16(7) 2008 p757-761

Unmet symptom management needs of nursing home residents with cancer (review) J G Duncan et al, Cancer Nursing 31(4) 2008 p265-273

Successful control of vomiting, due to malignant upper gastrointestinal obstruction, by ‘blind’ precutaneous gastrostomy, in a terminally ill patient (letter) S M W Hutchinson, Palliative Medicine 22(5) 2008 p673-674

Relationships among pain, sleep disturbances, and depressive symptoms in outpatients from a comprehensive cancer center (research) S C McMillan et al, Oncology Nursing Forum 35(4) 2008 p603-611

Oncology outpatient and provider responses to a computerized symptom assessment system (research) J S Carpenter et al, Oncology Nursing Forum 35(4) 2008 p661-669

Components that influence assessment and management of cancer related symptoms: an interdisciplinary perspective (research) S Jakobsson et al, Oncology Nursing Forum 35(4) 2008 p691-698

Nursing care, education and support for patients with neutropenia (educational paper) M Coughlan, Nursing Standard 22(46) 2008 p35-41

Tobacco

Smoking ban helps people quit (brief news item) Nursing Times 104(27) 2008 p8

Smoking ban in England has a dramatic impact on prevalence (feature) N Hairon, Nursing Times 104(27) 2008 p23-24

What are my chances? (feature on risk) C Tomlinson, Cancer Nursing Practice 7(6) 2008 p8

BMA calls for ban on smoking images that “keep the habit cool” among children (news) Z Kmietowicz, BMJ 337(7661) 2008 p75

European Commission proposes moves to increase tax on cigarettes and reduce influence of tobacco industry (news) R Watson, BMJ 337 2008 pa873

No smoking please, we’re British (feature) S Shepherd, Health Service J 118(6116) 2008 p20-23
